

SPONSORS OF VOLUME 5

The production of Volume 5 of HANZAB was possible only through the generous sponsorship by the following individual benefactors, trusts and foundations and corporations. We are grateful for their support and recognition of the value of this project to the ongoing conservation of the birds of our region.

Our principal sponsors have each donated \$100,000 or more towards this volume of HANZAB. We have also listed those who have provided substantial ongoing support throughout the HANZAB project and whose commitment has done much to ensure the success and continuation of the series.
